A Policy Document

DISABLED-FRIENDLY, BARRIER FREE

ENVIRONMENT

In order to create barrier free environment for persons with disabilities and to make special provisions for their educational rehabilitation , to integrate them into the social mainstream the Government of India has formulated national policy in 2006 for persons with disabilities, which deals with educational rehabilitation of persons with disability.

Our institution also has adopted these policies in teaching and learning process.

The institution has committed the society to give equal opportunities and protection to the rights for physically disable persons and always take efforts for participation of persons with disabilities in academic environment

- 1) The ramp has been built for physically disabled persons to reach easily to the auditorium and also to the girls hostel building.
- 2) The washroom facilities for disable persons (Commodes) has been provided in the institution .
- 3) For the convenience of disable persons ; different boards , sign posts which are necessary , are displayed in the premises of the institution.
- 4) There is provision for enquiry and information easily made available for disabled students.
- 5) The human assistance, readers, scribe, soft copies of reading material are provided for disable persons.
